

UPLAND'S HISTORIC DOWNTOWN RENAISSANCE

It's been said that the fastest way to someone's heart is through their stomach and this couldn't be a truer statement for Downtown Upland. The heart of the City of Gracious Living has been its Historic Downtown located along Second Avenue and 9th Street, and in the coming months, its restaurant scene is expanding. Through City economic development assistance, five new restaurants are coming that will offer a range of fine dining to fast casual from craft ales to classy wines. In addition, to new restaurants, the City is taking aim at Downtown's infrastructure by undertaking an ambitious beautification program that will bring new historical signage, streetscape, parklets, public art, public restroom and culminating

with a new urban public space to serve as Downtown's epicenter. Lastly, negotiations are underway to bring in a three story townhouse development to the core of Downtown. If, as the saying goes, home is where the heart is, then your heart will be in Historic Downtown Upland. Swing by to take a look, grab a bite or simply enjoy the scene.!!
